Summary

P2P team lead with 8 years owning invoice processing and payment execution for a regional AP operation. Skilled at queue allocation, exception resolution, and driving SOX-compliant, SLA-adherent month-end close readiness across a distributed analyst team.

Experience

P2P Team Lead — Cascade Financial Operations 2021 – Present

- Own AP invoice processing and payment execution for the assigned region, allocating work and managing team queues.
- Resolve escalated exceptions, ensuring 3-way match, GR/IR clearance and month-end readiness across the team.
- Maintain controls and SOX compliance for all AP execution activity, including accurate SAP processing.
- Produce queue allocation reports, exception resolution logs and RCA documentation for leadership review.
- Own the SLA/KPI dashboard for the team, driving recovery actions when backlog or turnaround time slips.
- Coordinate with procurement and vendor stakeholders to resolve recurring invoice disputes.

Senior P2P Associate — Cascade Financial Operations 2018 – 2021

- Processed high-volume PO and non-PO invoices, resolving holds and exceptions before month-end close.
- Supported GR/IR follow-ups and open-item aging reduction initiatives.
