Summary

AP senior associate with 5 years driving 3-way match exception governance, payments execution oversight, and AP reconciliations, with strong controls/compliance/audit readiness and RCA/CAPA ownership across a high-volume invoice processing team.

Experience

P2P Senior Associate — Cascade Financial Operations 2021 – Present

- Govern 3-way match exceptions end-to-end, driving root-cause analysis (RCA) and corrective/preventive actions (CAPA) instead of routine escalation.
- Provide payments execution oversight, ensuring payment runs are accurate, controlled and evidenced for audit readiness.
- Own AP reconciliations and open-item aging reduction, producing GR/IR follow-up trackers and approval evidence packs.
- Apply controls, compliance and audit-readiness standards across invoice exception handling and payment execution.
- Manage work intake and prioritisation across the team queue, applying SLA/governance metrics to balance throughput and risk.
- Partner with procurement, treasury and vendor stakeholders (stakeholder management) to resolve complex exceptions.

AP Associate — Cascade Financial Operations 2019 – 2021

- Processed standard PO invoices and supported basic exception resolution under senior associate guidance.
- Maintained approval evidence packs for internal control review.
